

It is with deep regret that due to ill health I was unable to proceed with being a witness for the defence in the court case for *The Lost King* film.

A relapse of my ME / Chronic Fatigue Syndrome (CFS) has made it impossible for me to continue and I have been advised to cancel all events and travel for the foreseeable future.

I am disappointed that I have been unable to proceed as I would have liked the judge to hear my evidence and independently come to a decision in this matter.

Myself and significant others from the search for Richard III, including the other team members of the *Looking For Richard Project*, were ready to help support the defendants.

It has been the most significant honour to have my story told by Pathe, Baby Cow and Steve Coogan and I cannot thank them enough.
